

## International Symposium on Advanced Mechanical and Power Engineering

Shanghai, China  
Nov. 8<sup>th</sup> – 10<sup>th</sup>, 2018

### CALL FOR PAPERS

Dear Colleagues,

International Symposium on Advanced Mechanical and Power Engineering ( ISAMPE 2018) will be held at University of Shanghai for Science and Technology, Shanghai, China. We are inviting professors, researchers and graduate students to submit their case studies on related areas, including computation simulations, experimental and theoretical analysis as well as engineering applications. Its fundamental objective is to provide graduate students an academic environment to improve their international communication skills. It explores also among Chinese, Japanese and Korean professors any potentials of collaborative scientific researches in mechanical design, power generation and energy conservation.

ISAMPE has a long history since 2005. It has been hosted annually in turn among Chinese University of Shanghai for Science and Technology, Japanese National University of Fukui and Korean Pukyong National University. It has been successful over last 14 years. It will be also a fruitful event this year for participants from three universities.

#### Topics

Mechanical design and precision manufacture;  
Material science and engineering;  
Fluid flow, combustion and heat transfer  
General discussion of mechanical education and research

#### Organizers

College of Energy and Power Engineering, USST, China  
College of Mechanical Engineering, USST, China  
Department of Mechanical Engineering, UF, Japan  
Department of Mechanical Engineering, PKNU, Korea

#### Important Dates

Abstract submission:	July 20, 2018
Notification of Authors:	August 3, 2018
Full paper submission:	September 30, 2018
Revised paper submission:	October 16, 2018

### Contact Liaison

USST: Prof. Ren Dai, [dairen@usst.edu.cn](mailto:dairen@usst.edu.cn); Prof. Ding X.H, [dingxhsh021@126.com](mailto:dingxhsh021@126.com)

UF: Prof. Nagai, [nagai@u-fukui.ac.jp](mailto:nagai@u-fukui.ac.jp) ; Prof. Hiyoshin, [hiyoshin@u-fukui.ac.jp](mailto:hiyoshin@u-fukui.ac.jp)

PKNU: Prof. I.P Kang, [ipkang@pknu.ac.kr](mailto:ipkang@pknu.ac.kr);

### Paper submission

Interested attendants should contact each liaison in their institution. An abstract less than 200 words should be submitted to state the intent of oral and poster presentation. Full length paper is required to follow the template for both oral and poster, which will be collected in the symposium proceeding.
